**R.S.V.P. by September 17, 2010 to:** Patrick Kinsella, Director,  
Pennsylvania Concrete Pipe Association  
Phone: 845-926-0915  
E-mail: [director@tristateconcretepipe.com](mailto:director@tristateconcretepipe.com)

- The Pennsylvania Concrete Pipe Association in conjunction with Video Pipe Line Inspection will be providing a demonstration of today's pipe inspection technologies. This program

will provide valuable information on proper use of the equipment, analyzing results and provide a clear understanding of current specifications.

- Who should attend; state, county and municipal officials along with the engineering community at large. This is a must see for Utility Contractors, this can be a determining factor on the quality of workmanship that went into the installation.
- The program will include a plant tour, 3 Edge Bearing Test, PowerPoint and a Video Inspection of RCP and HDPE Pipe.
